Welcome to Heart of Oneness

Welcome beautiful community!

As we gather for the 4th annual Heart of Oneness Holistic Expo may we all take a moment to celebrate one another as we come together once again in divine universal co-creation.

Each weekend experience brings forth something new, inspiring and enlightening that uplifts, awakens and transforms our shared human existence. As we come together for another weekend of wellness may we set our intentions clearly upon all that is possible, benevolent and beneficial for all life on earth.

There is a profound sweetness to life that unfolds when we move in unison side by side united in love and for the betterment of all. May you remember one another through the gentle reflections of love and soul radiance that unfurls within each interaction.

As we continue to navigate this collective journey of evolution and human embodiment may we do so consciously, reverently and with a sense of great understanding and recognition of one another and this beautiful planet.

Our wish and intention for this weekend is that you delight in the spirit of one another as you heal, recalibrate, transform and transcend into your full glory and destiny.

As always, we thank you for meeting us here as we rise up into this next grand expression of ourselves hand in hand.

Warmest light wishes,

K.Ay'Nea & Matt

Melissa Cubillas (MC) is an internationally recognized celebrity psychic medium from New York, who has communicated with those in spirit since the age of three. For years MC worked as a celebrity makeup artist by day, and a psychic medium by night. Courageously, she allowed a groundbreaking network television docu-series, "Living Different" on Oxygen, to document the vulnerable unveiling of her abilities to family, friends, and the world. As a psychic medium she assists others in finding closure by reconnecting them with their loved ones in heaven.

By using her gift to provide loving, healing, and evidential messages of comfort for those who have lost loved ones. MC has bloomed in her work and is now known as a no-nonsense, spunky, but compassionate psychic medium and spiritual teacher whom everyone can relate to. Today she is a top-rated international celebrity psychic medium, with a loyal clientele ranging from the everyday person to internationally known celebrity actors, musicians, and members of the Royal Family.

GROUP HEALING JOURNEY
SATURDAY APRIL 6TH
12:00PM-1:30PM
ANDARA ROOM
\$44.00PP**

Experience a group healing journey with Roland BuddhaHawk at the Heart of Oneness Holistic Expo.

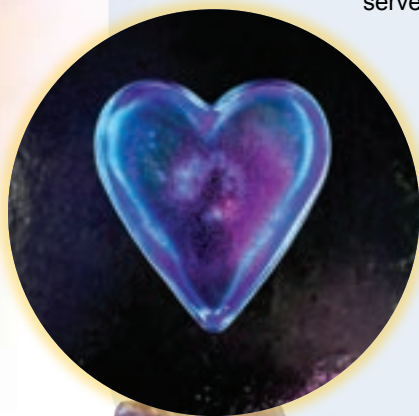

At this event you will go on a healing journey through cinematic music using the divine natural essence of purification.

Roland can help you transmute what no longer serves you as well as help set any intention that you may want (example: better job, be at peace). During this healing, chakras will be cleared up & realigned.

Roland is a Reiki Master as well as being certified as a Basic IET (Integrated Energy Therapy) practitioner. He blends what he has learned with healing modalities and what he has been doing naturally since he was young.

He calls what he does, "Purification Healing" because he sees fire energy of different colors that helps to "burn away" or "transmute" what may no longer serve you.

His wish is to help as many people as he can as he now realizes this is his life's purpose. The healing comes from a place of pure love.
