Welcome to Heart of Oneness
Gather Fine Grow
2025
A Global Reset

Welcome beautiful community!

Thank you for gathering with us once again as we collectively come together to celebrate, share and spark the next wave of conscious beingness.

As we celebrate the arrival of the 5th annual Heart of Oneness Holistic Expo may we all be illuminated in the light of our own inner transformation journey and where the path has taken us thus far.

Every unique gathering creates a vortex of experience in manifested form that reshapes the very fabric of our shared reality.

Our wish and intention for this weekend is that you delight in the spirit of one another as you re-align, recalibrate, transform and transcend into your full glory and destiny. Every potential has already been created, It is you who simply needs to step into it.

As always, we thank you for meeting us here as we rise up into this next grand expression of ourselves hand in hand.

Warmest of wishes!

Karen & Matt

one thing;
each other.”**

**ROLAND BUDDHAHAWK
GROUP HEALING JOURNEY
SATURDAY, MARCH 8
11:30AM-1:00PM
ANDARA ROOM
\$55.00PP**

Roland BuddhaHawk will take you on a healing journey through cinematic music using the divine natural essence of purification.

During this time, Roland is able to channel energy and pure love for the highest good of each individual as well as a collective group.

Roland can help you transmute what no longer serves you as well as help set any intention that you may want (example: better job, be at peace). During this healing, chakras will be cleared up & realigned.

Roland is a Reiki Master as well as being certified as a Basic IET (Integrated Energy Therapy) practitioner. He blends what he has learned with healing modalities and what he has been doing naturally since he was young.

He calls what he does, "Purification Healing" because he sees fire energy of different colors that helps to "burn away" or "transmute" what may no longer serve you.

Purification Healing is good for everything and everyone.

His wish is to help as many people as he can as he now realizes this is his life's purpose. The healing comes from a place of pure love.

MUST SEE BOOTH #129 for tickets and details. Bracelets will be checked at the door.

**KATHERINE OF LIGHT
THE QUANTUM HEART ACTIVATION
SATURDAY, MARCH 8
1:00PM-2:30PM
OPAL ROOM
\$55.00PP**

The Quantum Heart Activation...Remembering the Divine Multidimensional Light of Love and Unity that You are with the Language of Light.

Our deepest awareness of how to expand our consciousness is by reconnecting to and remembering our TRUTH. Trusting and allowing the TRUTH to LIGHT our way back home to the multidimensional DIVINE LIGHT of LOVE and UNITY, we already are is the journey here.

The quantum heart holds our TRUTH, photonic LIGHT energy bundles (frequencies). When this LIGHT is activated, and all its dimensions, by the language of light, our breath, meditation, sound, aromatherapy, crystals, intentions, courage, and more, our TRUTH will shine as radiance from then out into the world. It will guide us without fear if we ALLOW.

Weaving these light frequencies together through our hearts, gives us strength and fortitude to continue on our journey as light beings.

In this activation, we gather in a circle and start with a discussion of discussion of light language and other modalities being used so you will understand what will be occurring multidimensionally. A crystal grid will be created in the center of the circle to support us an energy transmutation.

A guided meditation will allow the inner wisdom of the heart to be heard and will support you and releasing and receiving energy. Katherine will channel and weave higher divine frequencies of light with Light language, Reiki, sound, crystals, and aromatherapy, supporting an expansion of consciousness, flow, Your source light flow. You will receive group energy as well as one on one energy work. We will also be flowing all together as one sharing frequencies to support one another.

We will ground this beautiful, expanded light consciousness through us two and with Mother Earth. This creates a shift in us, the collective and the Earth to evolve to our next state of being dimensionally. When complete with the activation and invitation to share, your experience is offered.

MELISSA CUBILLAS (MC) is an internationally recognized celebrity psychic medium from New York, who has communicated with those in spirit since the age of three. For years MC worked as a celebrity makeup artist by day, and a psychic medium by night. Courageously, she allowed a groundbreaking network television docu-series, "Living Different" on Oxygen, to document the vulnerable unveiling of her abilities to family, friends, and the world. After sharing her truth and witnessing the positive impact of her gift, Melissa chose to devoted herself full time to honor her calling.

As a psychic medium she assists others in finding closure by reconnecting them with their loved ones in heaven. By using her gift to provide loving, healing, and evidential messages of comfort for those who have lost loved ones. MC has bloomed in her work and is now known as a no-nonsense, spunky, but compassionate psychic medium and spiritual teacher whom everyone can relate to. Today she is a top-rated international celebrity psychic medium, with a loyal clientele ranging from the everyday person to internationally known celebrity actors, musicians, and members of the Royal Family.

Melissa is honored to sit on the Board of Directors for the "Centered Heart Foundation", where she assists, teaches, and mentors kids as they discover their own gifts and develop life skills. She also enjoys donating her time, and sharing her gifts, with several nonprofit organizations such as Helping Parents Heal, and the Forever Family Foundation.

MC can be heard on several top-rated iTunes podcasts including "This Life with Dr. Drew Pinsky, and the award-winning podcast, "Calling Out" with Susan Sailer, in which she connects legendary celebrities with their loved ones in spirit. Her work was also featured on the popular BRAVO series "The Real Housewives", and she's shared her gift across international networks including NBC Universal, & Lifetime, along with a variety of local CTV Programs.

Melissa is a contributing author for several spiritual magazines and online blogs, and has facilitated classes across the U.S. and internationally, including locations such as the Omega Institute and the Fellowship of the Spirit in the world-famous town of LilyDale. While at home in New York, Melissa provides readings and teaches spiritual development courses to both adults and kids online, and in person at her New York studio. She regularly tours educating others about their abilities, sharing her gift through workshops, webinars, galleries, personalized mentorship programs, large groups and personal readings. She most recently became an Ordained Spiritual Minister for The Journey Within Spiritualist Church, Pompton Lakes, NJ.

As of late, MC can be found to be quite busy providing various spiritual intervention services whether it be clearing a house, uncovering the mystery of a location, or assisting in missing persons cases. As a psychic medium her heart lies in helping others find closure by reconnecting them with their loved ones. As a teacher she aspires to assist others in discovering, developing, and honoring, their own natural intuitive abilities. With her creative flair, on-point comedic timing and genuine sense of compassion, MC embraces everyone who crosses her path equally. Through her work Melissa seeks to help others connect from a place of love, integrity, and authenticity.
